

1
Call someone to help, you better be two people!

2
Take the cardboard template inside the seat box and put it to the ground, taking off the two base circles.

3
Move the two concrete bases inside the circle shapes, using the black lines as directions.

4
Put the seat on the bases: it is as long as the cardboard template.

5
Fix the seat to the bases using 8 BHSS M8X10 screws, than remove the cardboard template by breaking it.

Done!

Assembly instructions

040. Curved flat bench+concrete

Five steps procedure

What do you need?

- 8 BHSS M8X10 screws
